Norfolk, VA 23511

Contract N62470-80-C-3875  
Unaccompanied Enlisted Personnel  
Housing (UEPH), Project P-635  
Camp Lejeune, NC

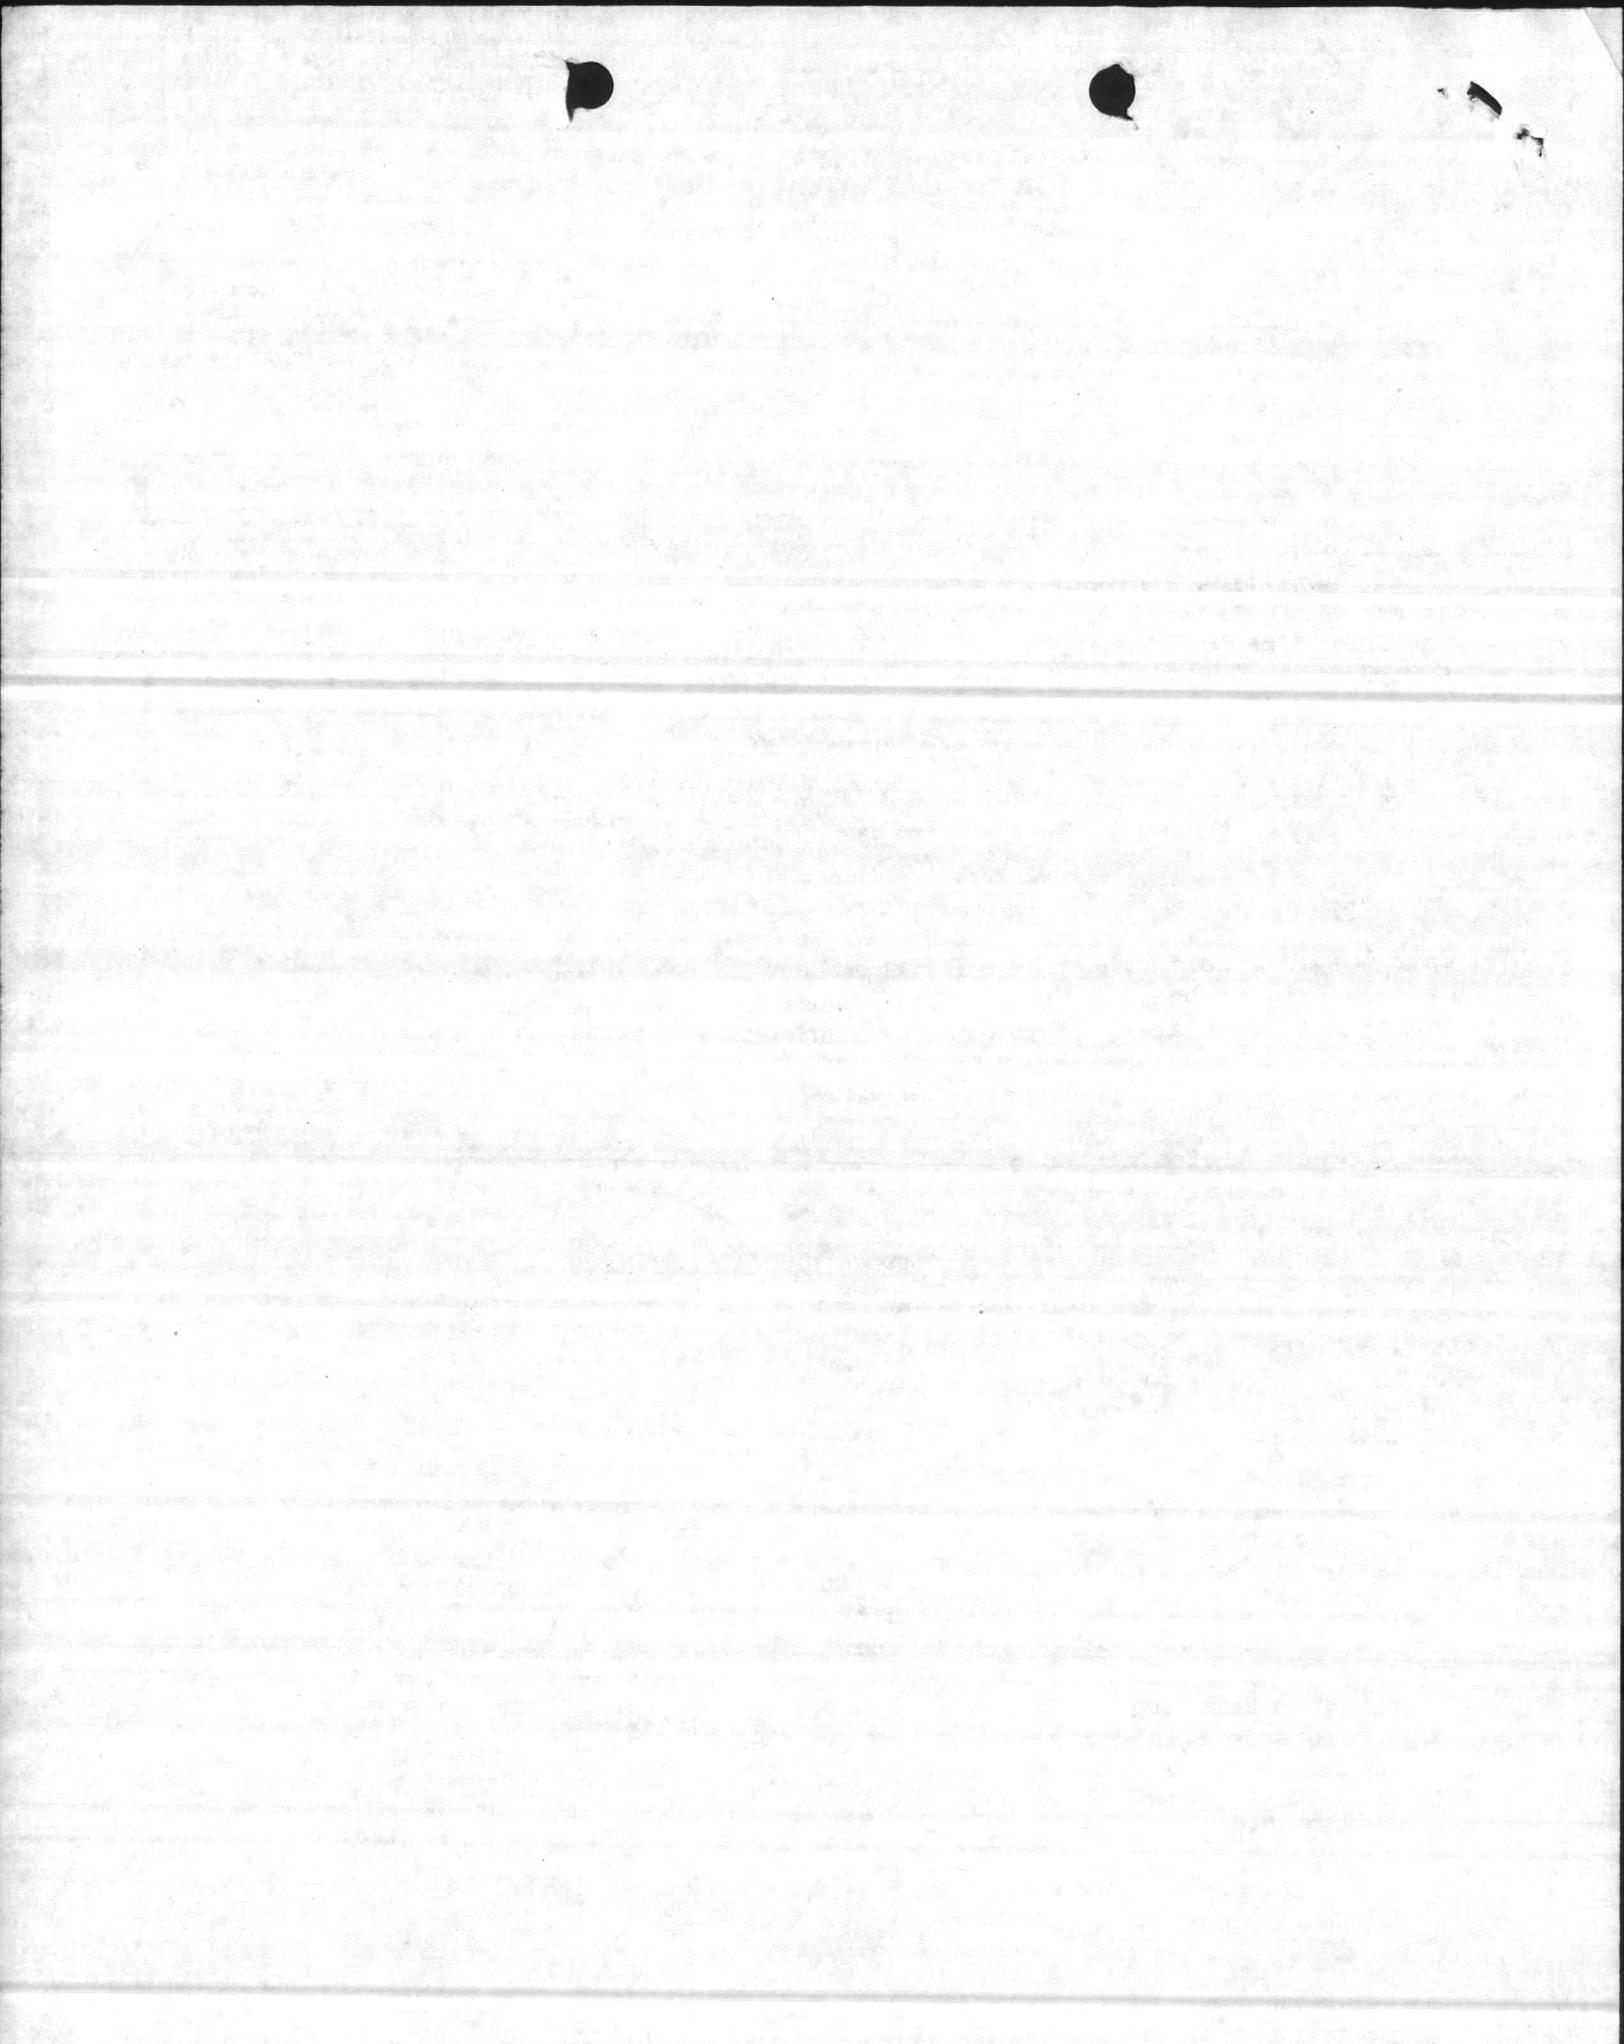

Dear Mr. Bryant:

We received information through a telephone conversation on May 6, 1983 between Barbara Dougan, Public Works Department, Camp Lejeune, and Karen Adams, Six Associates, on the delegation and location of the 1-Person, 2-Person and 3-Person Rooms for the UEPH facilities at French Creek and Hadnot Point.

The UEPH facilities at Hadnot Point consist of four buildings with the following delegations:

	1-Person Room	2-Person Room	3-Person Room	Total Persons
Building 405	20	8	68	237.240
Building 415	0	8	88	280
Building 425	0	8	88	280
Building 435	0	8	88	280
Totals:	20	32	332	1,077 1,080

The exact locations of 1-Person Rooms in Building 405 are as follows: 101, 104, 105, 108, 109, 112, 113, 116, 117, 120, 121, 124, 125, 128, 129, 132, 142, 145, 146, 149. The locations of the 2-Person Rooms in Building 405 are: 153, 158, 229, 245, 254, 329, 345, 354. All remaining rooms in Building 405 are 3-Person Rooms. Buildings 415, 425 and 435 are identical in distribution. There are no 1-Person Rooms in these buildings. The locations of 2-Person Rooms in Buildings 415, 425 and 435 are: 153, 158, 229, 245, 254, 329, 345, 354. All remaining rooms in these buildings are 3-Person Rooms.

Atlantic Division  
Attn: M. L. Bryant, PE, Code 09A21B3

May 10, 1983

2

The UEPH facilities at French Creek consist of three buildings with Administrative Spaces on the Ground Floor of all three buildings, with the following delegations:

	<u>1-Person Room</u>	<u>2-Person Room</u>	<u>3-Person Room</u>	<u>Total Persons</u>
Building 571	0	5	81	253
Building 573	15	6	65	222
Building 574	<u>0</u>	<u>5</u>	<u>81</u>	<u>253</u>
Totals:	15	16	227	728

The exact locations of the 2-Person Rooms in Buildings 571 and 574 are as follows: 120, 124, 153, 229, 246. All remaining rooms in Buildings 571 and 574 are 3-Person Rooms. There are no 1-Person Rooms in Buildings 571 and 574. The locations of 1-Person Rooms in Building 573 are as follows: 101, 104, 105, 108, 109, 112, 113, 116, 117, 120, 124, 153, 154, 157 and 158. The locations of the 2-Person Rooms in Building 573 are: 229, 242, 246, 332, 342, 345. All remaining rooms in Building 573 are 3-Person Rooms.

We would appreciate your review of this specific information as soon as possible. Thank you for your assistance.

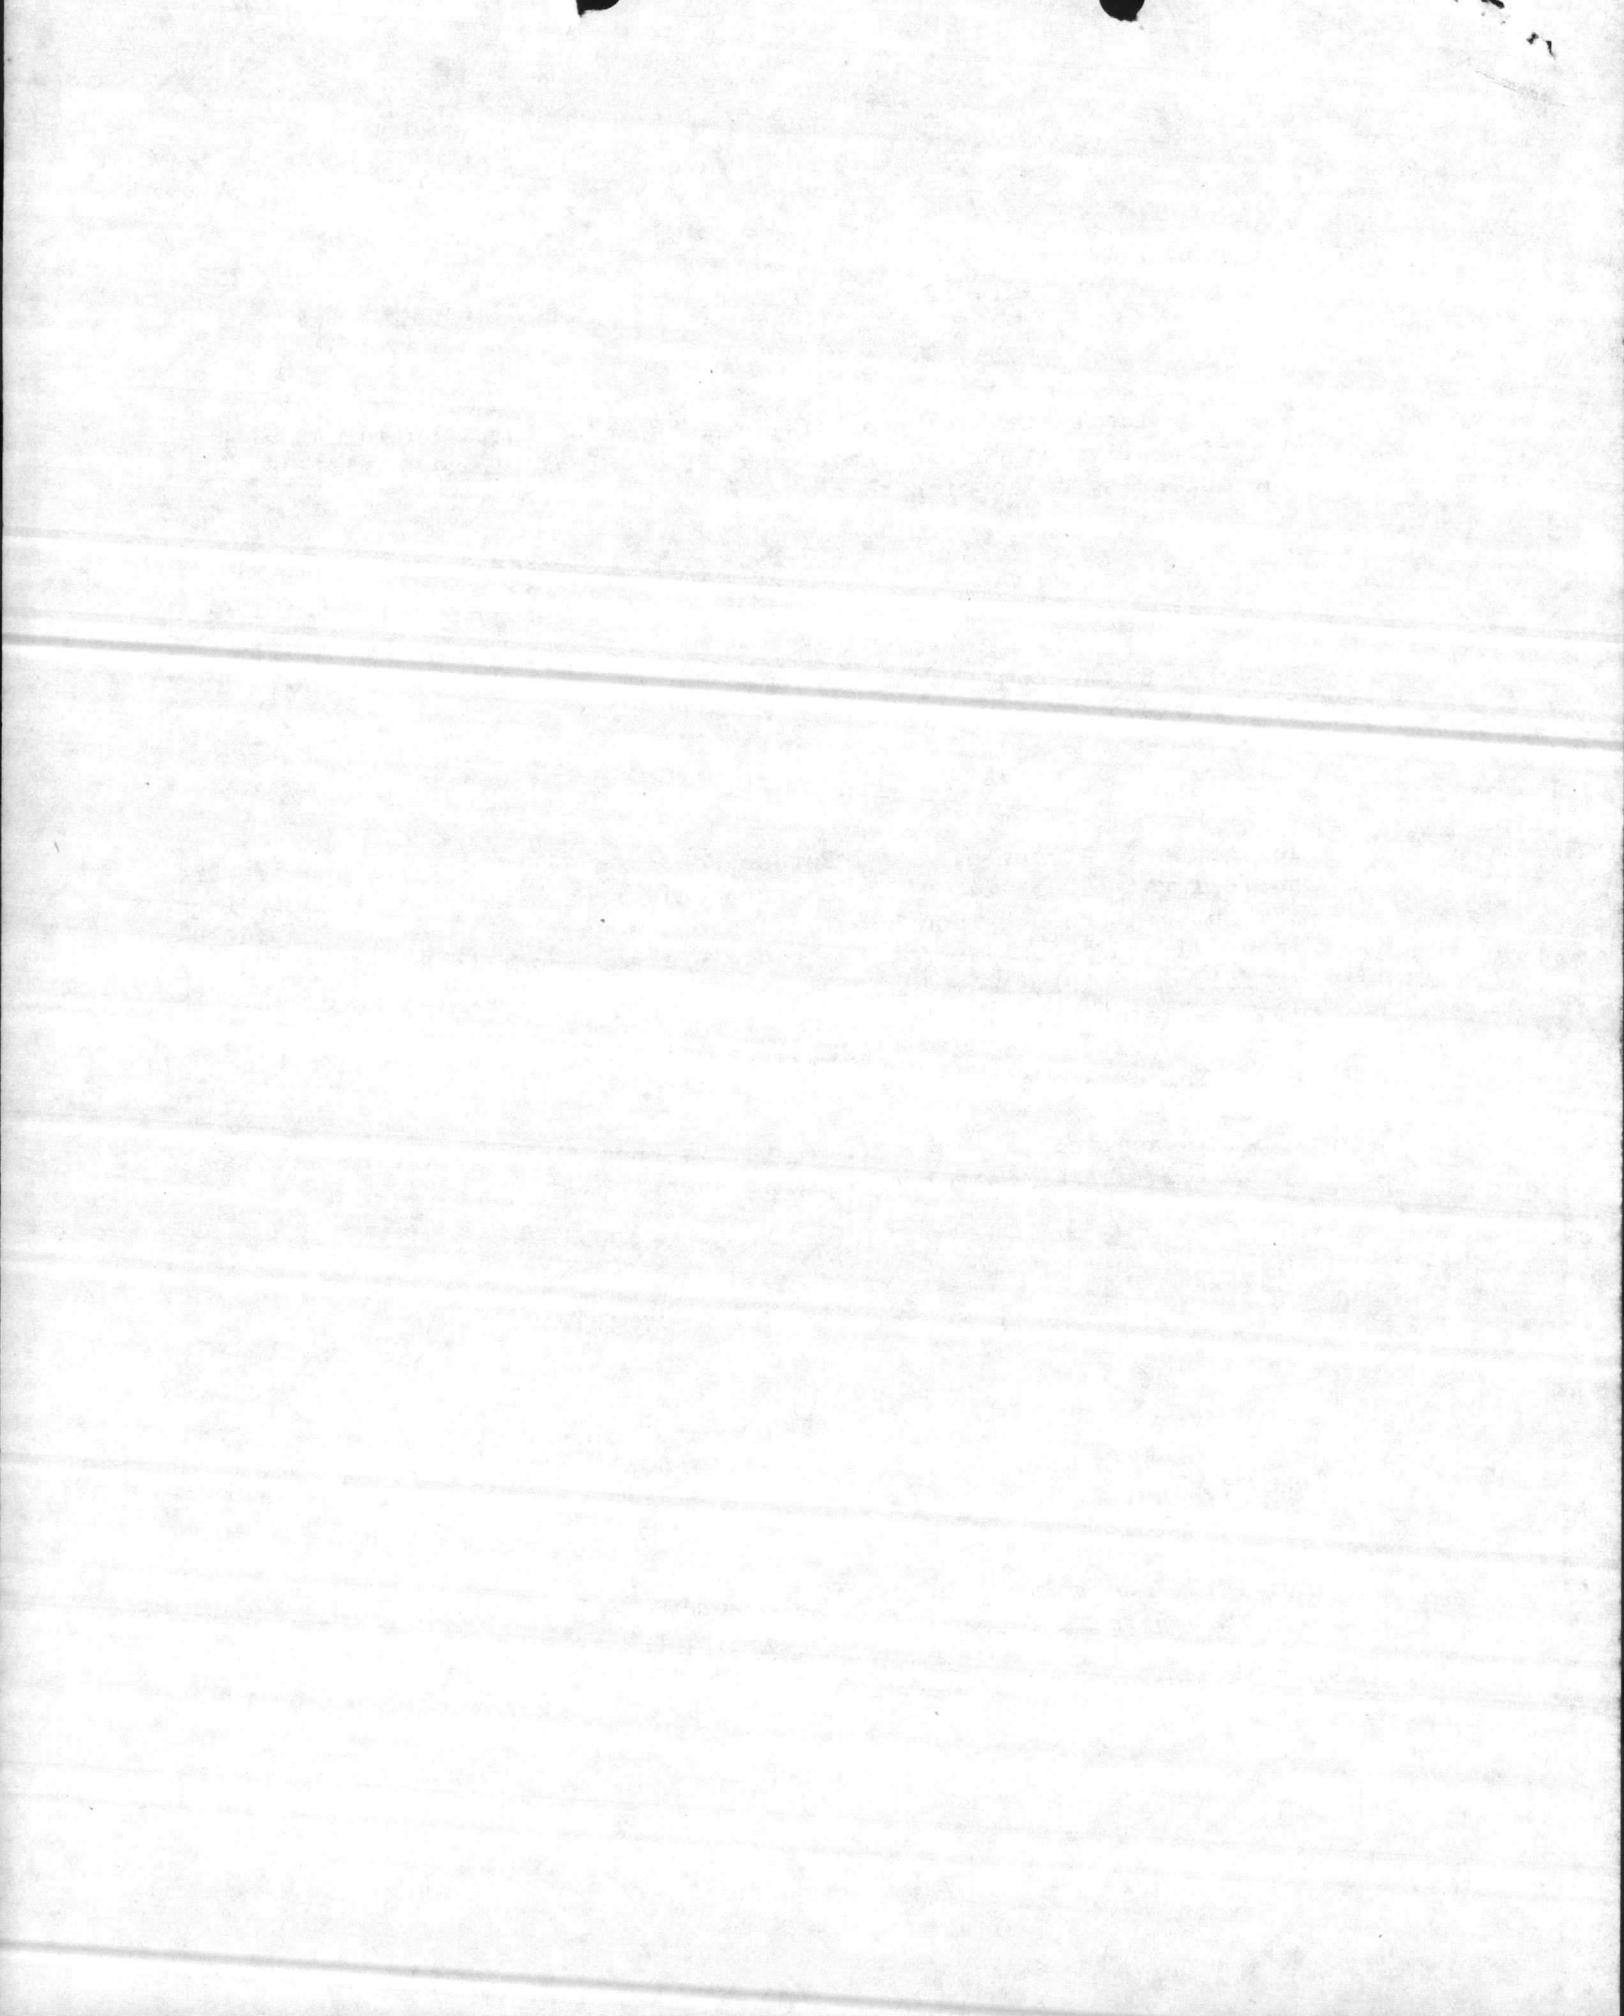

Sincerely,

SIX ASSOCIATES, INC.

Robert E. Turner

Subj: Fire Alarm Cables Provided by MILCON Projects

Ref: (a) ROICC JAXNCA CAMP LEJEUNE ltr JAX/05/GRH/fao of 18 Feb 1982  
 (b) ROICC JAXNCA CAMP LEJEUNE ltr JAX/05/GRH/fao of 15 Apr 1982

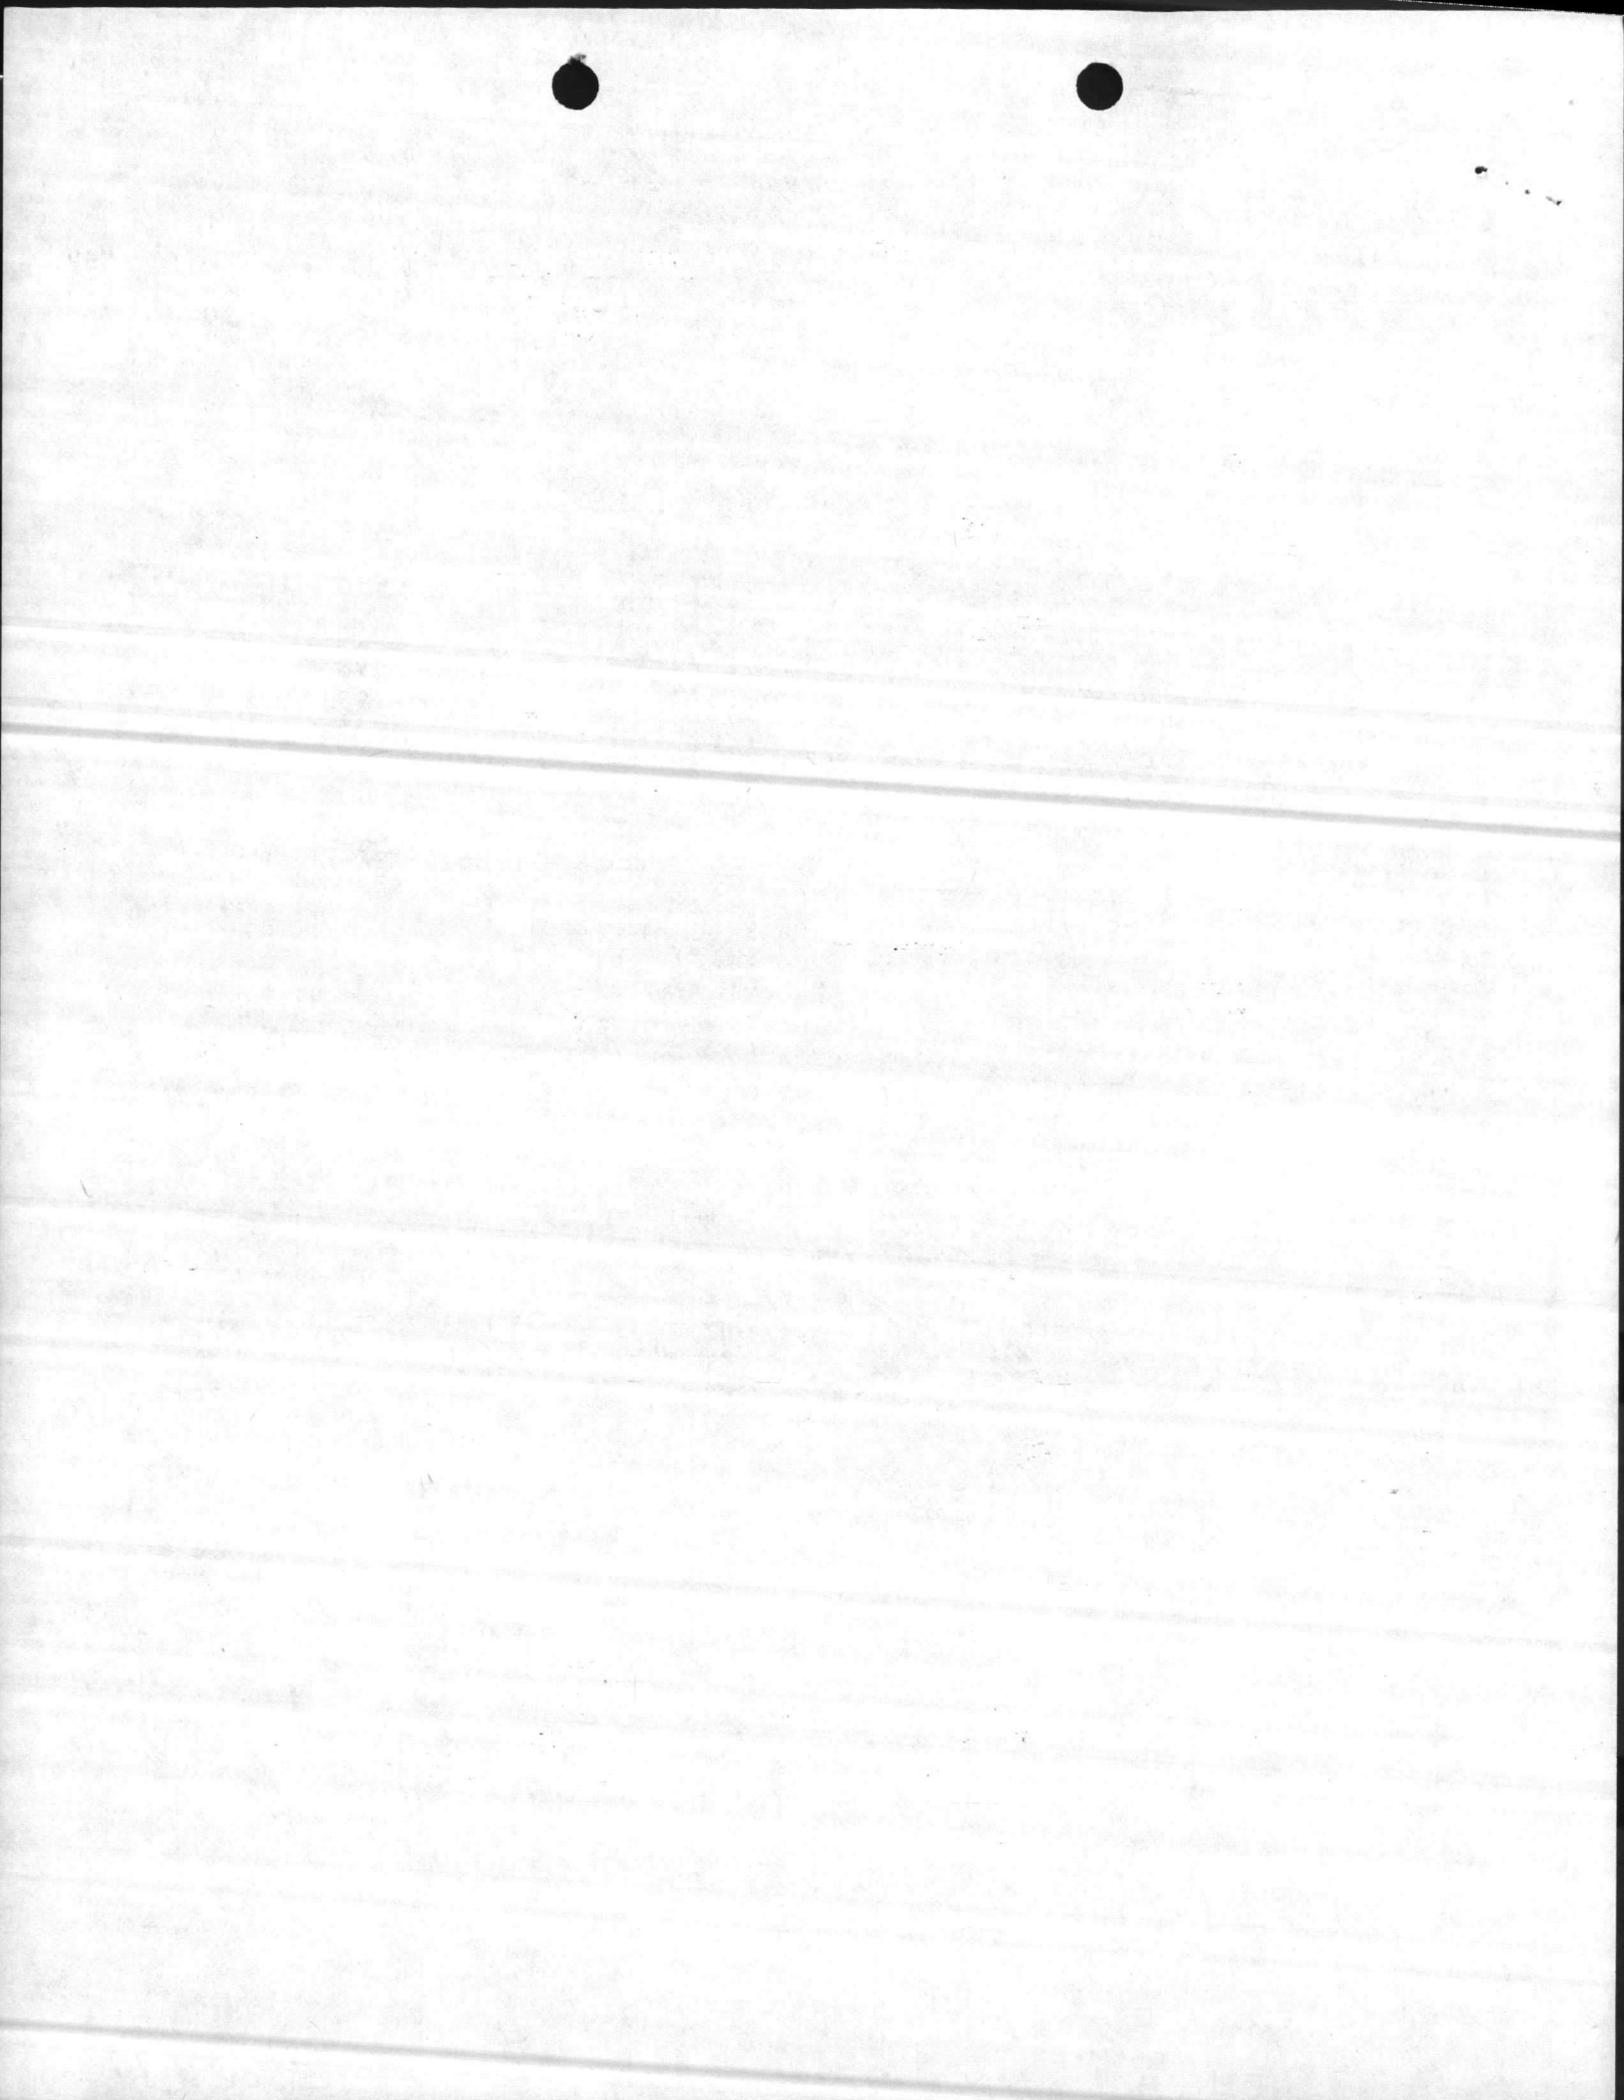

Encl: (1) LANTNAVFACENGCOM Code 404 memo to LANTNAVFACENGCOM Code 052 of 4 May 1982

1. Reference (a) forwarded a station request to change the specifications on MILCON projects for fire alarm reporting systems from an 8 AWG single conductor to a 2 conductor, 12 AWG shielded polyethylene cable. Reference (b) requested that the results of the request forwarded by reference (a) be expedited. A detailed analysis for the failure of the originally specified 8 AWG single conductor system was held, as well as an analysis of the cost-benefit of a number of equal alternatives to the proposed 2 conductor, 12 AWG shielded polyethylene cable, see enclosure (1). The results of this analysis indicates that a viable alternative, both function and cost wise, for the proposed 2 conductor, 12 AWG shielded polyethylene cable is an ISMA type cable, 2 conductor 12 AWG without copper shield. These cables will be specified on all direct burial fire alarm conductors on MILCON projects at Camp Lejeune.

Contract N62470-81-B-1015  
FY83 MCON, Project P-635  
Unaccompanied Enlisted Personnel  
Housing (UEPH), Marine Corps Base  
Camp Lejeune, NC

Gentlemen:

In compliance with Section 3 of the Guide for Architect-Engineer Firms Performing Services for the Atlantic Division Naval Facilities Engineering Command, we are transmitting in three separate packages the following data relative to the subject project:

- 1) Two sets of prints
- 2) Originals and two bound copies of the specifications
- 3) CACE cost estimate corrected in accordance with your letter dated 4 June 82
- 4) Two sets of marked-up specifications. Your letter dated 4 June 82 required resubmittal of electrical specifications. The marked-up copy of this resubmittal is included separate from the two sets
- 5) One copy of electrical calculations
- 6) One set of marked-up prints

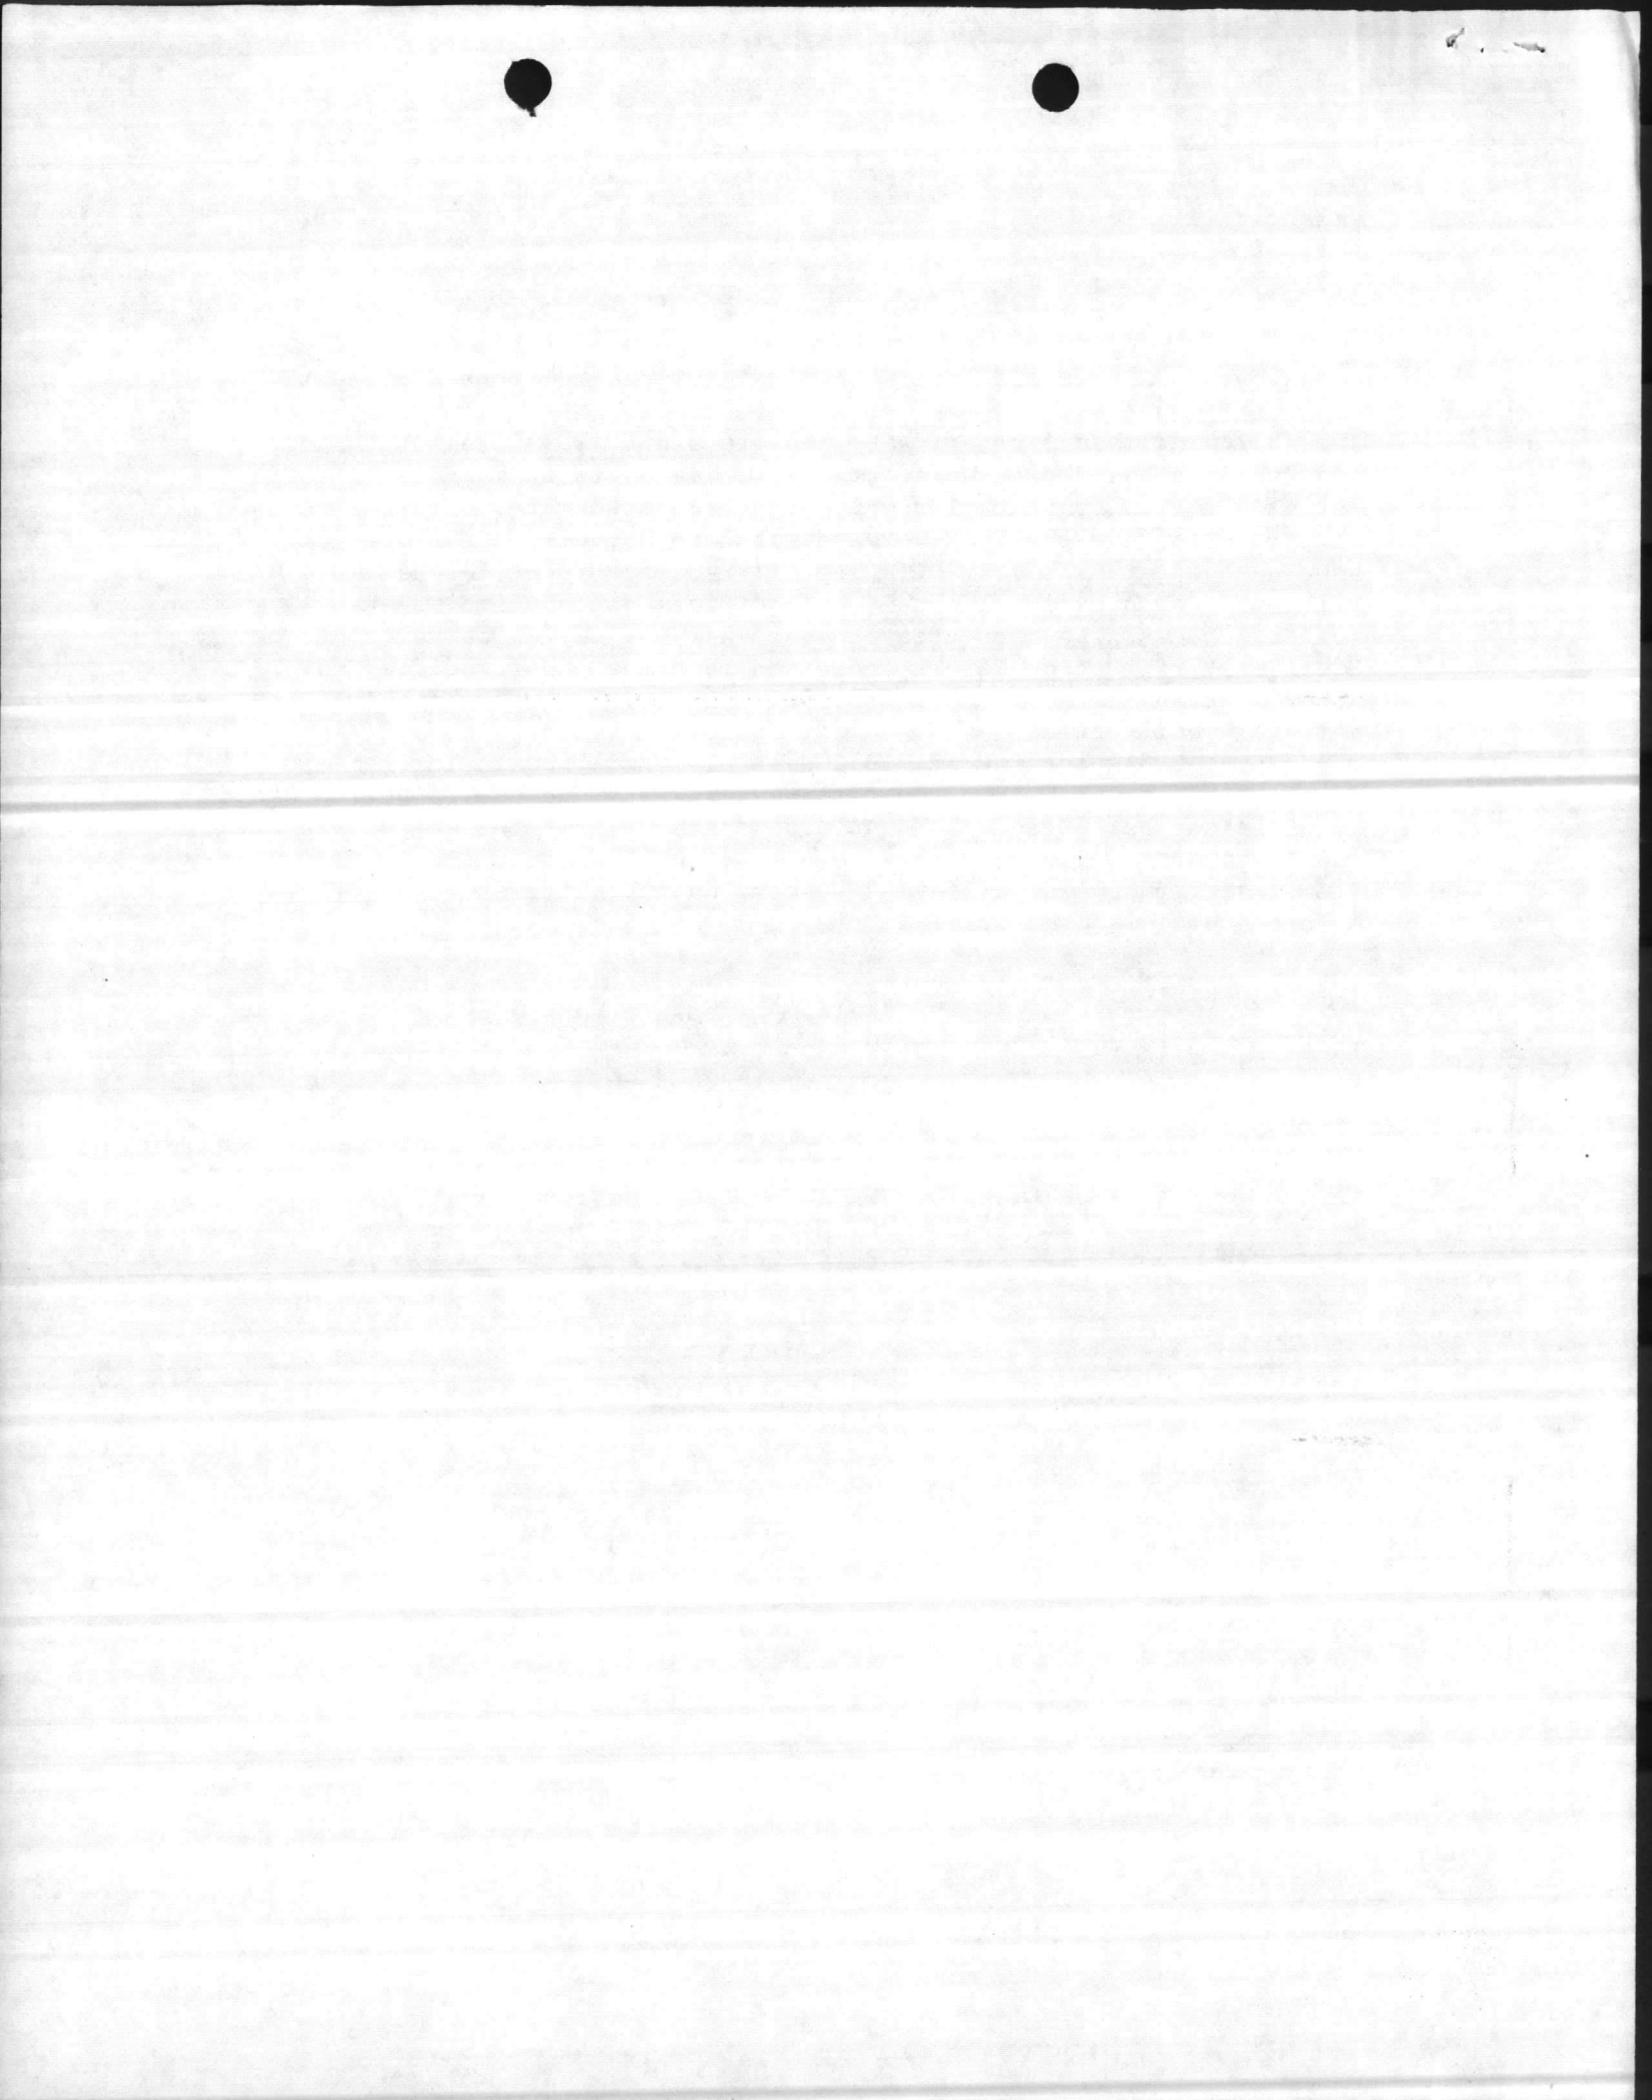

The original tracings were hand-delivered on 2 September 82 to the Public Works Department at Camp Lejeune for the signature of the Commanding Officer. The tracings will be forwarded to your office by the Public Works Department.

The above completes our Final Submittal for the referenced project.

The following is a list of CACE line items and firms from which Camp Lejeune area base costs were obtained. These are items noted in your estimate review comments for which you requested material/labor costs. The quotations we obtained were adjusted to Norfolk CACE prices and have been entered on your "Listing of: Estimate Input for E1811015" printout. When material and labor modifiers are applied, they will reflect the Camp Lejeune area prices. As your review comments on the Modifier Verification Report indicated that the labor modifier for Specification 15XXX be changed to 0.600 in lieu of 0.800 and that the material modifier for System 50 for Specification Section 16XXX be changed to 0.850 in lieu of 0.950 used elsewhere, costs for certain line items for which local quotations were obtained had to be increased by different percentages so that true costs will be reflected when area modifiers are applied. Please note that this has resulted in some line items used in several different systems having different CACE prices before modifiers are applied.
